

**California State University Channel Islands**  
**Liberal Studies: Teaching and Learning**  
**Emphasis 2020-2021**

**Science Concentration**

This concentration will prepare future teachers to specialize in science teaching. Students are strongly encouraged to take courses from at least two different disciplines, e.g., BIOL, CHEM, GEOL, and PHYS, etc.

Complete a minimum of nine science units: at least three of the nine units must be upper division. Consider choosing one Upper Division General Education Area B (UDGE-B) course.:
