

California State University Channel Islands
Liberal Studies: Teaching and Learning Emphasis
2022-2023

Science Concentration (9 units)

This concentration will prepare future teachers to specialize in science-teaching. Students are strongly encouraged to take courses from at least two different disciplines, e.g., BIOL, CHEM, GEOL, PHYS, etc.

Complete a minimum of nine units of science courses, at least three of the nine units must be upper division. Consider choosing one Upper Division General Education Area B (UDGE-B) course.
